Each entry will receive an E-mail notification with a link containing information to setup your account in order to make your weekly selections. **If you do NOT receive an E-mail notification by Thursday December 6, Please contact the pool administrator.** If you forget to make your selection, you will be eliminated. **You are required to make each weekly selection in your account including week number 1.** The first week will begin on Saturday December 8. You will need to make your weekly selection prior to the first official start time for the earliest Saturday game. (Ex. If the first game is 11am Saturday morning, you will need to make your selection before 10:59am Saturday morning.)

HOW IT WORKS

Select one team to **LOSE** every Saturday but you can NEVER pick the same team twice over the course of the pool. If your selection loses in regulation play, overtime, or a shoot out you are considered safe for that week and will advance to the following week.

MULLIGAN'S (NON REFUNDABLE)

Mulligans are available for an additional \$10 per entry. You must check off the area on the sellers sheet that you wish to purchase a mulligan. If your weekly pick wins and you purchased a mulligan, you will be revived by the administrator and be able to make the following weeks selection. The purchase of a mulligan will only be valid for the first 4 weeks of the pool. (This includes week 1). If you are unable to use the mulligan after the Saturday games on December 29, it will become void and non refundable.

If the regular season ends with contestants still alive, the pot will be split amongst those who are left. If there are multiple contestants alive and they all happen to get eliminated drawing an end to the pool, the pot will be split amongst those contestants.
